Dear Applicant,

Welcome and thank you for your interest in the Recovery and Wellbeing Practitioner.

PostScript360 is committed in supporting individuals to reduce the harms caused by prescribed drugs of dependence and withdrawal through a wrap-around service of one-to-one therapy, group therapy and a telephone support service. We train health professions, promote awareness and prevention, as well as supporting people through advocacy.

PostScript360 makes a real difference to our community's wellbeing, the clients we support incline to fall out of the health care system for many years, trying to self-manage their dependence and wellbeing until they can no longer cope; to recover from prescribed drug dependence can take up to 2 years of support.

PostScript360 brings communities together by listening to their needs, enables individuals to take control, empowering them to be active in their community. We support people through a Telephone Support Service for those who live outside our local group areas. We provide Therapy 300 is for people who live within the Greater Bristol area or who can attend Southmead Hospital, and for those who do not live locally we provide the service through group conference calling. Therapy 300 is group sessions that covers wellbeing, tapering safely from prescription dependence, learning new skills, confidence building and volunteering opportunities. We will offer ongoing support after an individual has completed our Therapy 300 through our peer-to-peer support groups called the 360 Club. Our peers are those who have "lived experience" who supports participants with similar experiences and students who are in their final year studying counselling. We will recruit and train peer volunteers with ongoing monitoring and supervision for their 360 clubs. We share our knowledge and expertise with health professionals, charities, and research organisations of the harms prescription drug dependence is having on our society. We also aim to promote prevention awareness to young people at colleges and universities.

This is an exciting opportunity for a passionate and enthusiastic individual, who is motivated about working with our client groups and has the relevant experience of working within this field. To succeed in this role, you must have empathy, understanding, excellent communication and listening skills as well as being a motivational and positive person who can help our clients change their lives for the better. If this sounds like you, we would love to hear from you and to welcome you to our team.

Best wishes,

Terri McDonald
